

Primer Hands On – Child Welfare

Primer LISTSERV Directions

The LISTSERV has been set up as part of your participation in the session. The LISTSERV is with Yahoo Groups. You must have a Yahoo Login Name and Password. If you do not have one already, you will have to create one before joining the LISTSERV. This is free, but will take a few moments to complete a set of user profile questions. Continue following the directions to join Yahoo. After becoming a member of Yahoo, you will receive a registration confirmation email. You must open this email and click on the bar to activate your account.

Please notify Marisa de la Cruz Irvine, at marisairvine@hotmail.com, if you have a Yahoo account. She will then send you an “invitation” to you asking you to join the LISTSERV. After joining the group you will receive an email verification message. Follow the instructions. You should receive a “Welcome/Introductory” message from the Primer Hands On Group. Once you have joined the group, when any group member posts a message, you will automatically receive that message via the email box you have listed with Yahoo. Simultaneously, the message will post to our home page where you can go to read all existing posts.

To post a message or send a regular email, the address is:
primerhandson@yahogroups.com

The group home page is **<http://groups.yahoo.com/group/primerhandson>**

Should you have any questions, please contact Marisa de la Cruz Irvine at (301) 770-2305.
