ASPIRE Jeopardy Round #1 and #2 - Game Instructions

ASPIRE Jeopardy is a fun, interactive way to test your knowledge of ASPIRE Policy. You will also get a chance to learn a little about the history of DHS, State Government, and current/former employees.

1. To start the “Jeopardy Game” click on the icon that looks like a projector screen 📀. This will start the PowerPoint presentation.

![Welcome Screen]

2. The first screen that will appear is the “Welcome” screen. Click anywhere on this screen to begin.

![Welcome Screen]

3. The next screen that appears is the ASPIRE Jeopardy Board. This is where you will select the categories and amounts that you would like to wager, just as you would in the original Jeopardy Game.
4. To make your selection just click on the amount you would like to wager under the category, for example: “Sanctions” for $300, click on the $300 amount. Using the Scoreboard/Answer sheet provided in this manual, place an X on the amount that you have chosen. This sheet is used to keep track of the category amounts that you have selected.

5. The $300 question will now appear. When you are ready to view the answer just click any part of the colored area on the question screen.

6. Check your answer to see if you were correct. Award or deduct the correct amount of points and keep track of them on the Answer Sheet/Scoreboard. To return to the Jeopardy Board to select your next category and question, click on the Jeopardy Board in bottom left corner of the screen.

7. Continue with Steps 4-6 until you have answered all of the questions. When you have finished, add/subtract the amounts on your score sheet to see how well you did.
