The primary purpose of the Campus Program is to develop and strengthen victim/survivors services in cases involving violent crimes against women on campuses. The Campus Program also aims to strengthen security and investigate strategies to prevent and prosecute violent crimes against women on campuses.

**Number of grantees reporting**

| Number of grantees reporting | 85 |

**Victim Services:** Campus Program grantees provided services to 814 victims/survivors of sexual assault, domestic violence, dating violence and stalking.

Number of grantees using funds for victim services: **56** (66% of all grantees reporting)

1. This report contains selected data submitted by Campus Program grantees on a semi-annual progress report.
2. Throughout this document, the sum of percentages may not equal 100 due to rounding.
Victim services and demographics: Campus Program grantees provide an array of services to victims/survivors of sexual assault, domestic violence, dating violence, and stalking. These services include victim advocacy (actions designed to help victims/survivors obtain needed resources or services), crisis intervention, and legal advocacy (assistance navigating the criminal and/or legal system). Victims/survivors receive referrals and information as needed.

</table>

---

\(^3\) Percentages are based on victims/survivors receiving services for whom this information was known.

\(^4\) Some victims/survivors may identify with more than one race/ethnicity, so the total number reported in race/ethnicity may be higher than the total number of victims/survivors served.

\(^5\) Because victims/survivors may be represented in more than one of these categories, or not at all, the total for this category may be higher or lower than the total number of victims/survivors served.

\(^6\) Victims/survivors may have been abused by more than one offender and/or may have experienced more than one type of victimization, so the total for each victimization category (when unknowns are included) may be higher than the total number of victims/survivors served in each of those categories. Percentages presented here are based on the total number of known relationships in each victimization category.
Training: Campus Program grantees train professionals to improve the response to victims/survivors of sexual assault, domestic violence, dating violence, and stalking, and to increase offender accountability.

Number of grantees using funds for training: **65** (76% of all grantees reporting)
Total number of people trained: **4,791**
Number of training events: **293**

**Staff**: Campus Program staff provide victim services, training, and prevention education to ensure a coordinated response to violence against women on campus.

Total number of grantees using funds for staff: **82** (96% of all grantees reporting)

| Total number of full time equivalent staff funded | 88 |
|--------------------------------------------------|
| Program coordinator (36% of all staff funded) | 32 |
| Trainer/educator (25%) | 22 |
| Victim advocate (15%) | 13 |
| Administrator (11%) | 10 |
| Support staff (6%) | 5 |
| Counselor (5%) | 4 |
| Campus police/security officer (1%) | 1 |
| Evaluator (1%) | 1 |

---

7 The number of incoming students receiving prevention education provided with both Campus Program funds and other funding sources was 42,873 (61% of all incoming students).

8 Categories are rounded to the nearest whole number and only categories with at least one FTE after rounding are included.
**Campus and community measures**: Campus Program grantees are required to collect and report on all sexual assault, domestic violence, dating violence, and stalking offenses that either occurred on campus or that occurred off campus and involved students.
