

Cheat Sheet for STOP Administrators and Subgrantees

People Trained

General Hints

- ⊕ Use the category that is most descriptive of the people attending the training event. The fit does not have to be perfect—if the professionals trained are similar to those of the existing category, use that category.
- ⊕ The examples below are not intended to be an exhaustive list, but rather an illustration of the type of professionals trained that might go into each category
- ⊕ Do not report “victim advocate” in the “other” category. Instead, report advocates under sexual assault, or domestic violence program staff, as appropriate.
- ⊕ If the professionals in a group are from different disciplines or agencies, and you do not have specific numbers for each group, report them in the multidisciplinary group category.

Categories that can be reassigned to existing categories—please reassign

Law Enforcement Officers

911 Dispatchers, call takers, and staff
