

**U.S. DEPARTMENT OF JUSTICE  
OFFICE ON VIOLENCE AGAINST WOMEN  
SEMI-ANNUAL PROGRESS REPORT FOR  
GRANTS TO SUPPORT TRIBAL DOMESTIC VIOLENCE AND SEXUAL ASSAULT  
COALITIONS**

---

The Violence Against Women Act of 2000 (VAWA 2000) requires grantees to report on the effectiveness of activities carried out with grant funds, including the number of persons served and the number of persons seeking services who could not be served. To meet this Congressional reporting requirement and the requirements of the Government Performance and Results Act, the Office on Violence Against Women (OVW) requires all Tribal Domestic Violence and Sexual Assault Coalitions grantees to complete this Semi-Annual Progress Report.

A grant administrator or coordinator must ensure that the form is completed fully with regard to all grant activities. Grant administrators and coordinators are responsible for compiling and submitting a single report that reflects all information collected from grant partners. Grant partners, however may complete sections relevant to their portion of the grant.

This form is to be used for reporting progress semi-annually, for the periods January 1 to June 30 and July 1 to December 31. All grantees should read through each section to determine which questions they must answer based on the activities engaged in under this grant during the current reporting period. Sections B, D, and subsection A1 of this form must be completed by all grantees. In subsections A2, and C1-C7, grantees must answer an initial question about whether they engaged in certain activities during the current reporting period. If the response is yes, then the grantee must complete that subsection. If the response is no, the rest of that subsection is skipped.

All information should reflect activities for the current reporting period only. The activities of volunteers or interns may be reported if they are coordinated or supervised by Tribal Coalitions Program grant-funded staff or if Tribal Coalitions Program grant funds substantially support their activities.

This form must be submitted to (OVW) within 30 days of the end of the current reporting period (July 30 or January 30).

If you have any questions about this form or if you need assistance completing the form, call the VAWA Measuring Effectiveness Initiative at the Muskie School of Public Service, 1-800-922-VAWA (8292). Frequently asked questions and other information on the Semi-Annual Progress Report can be found at <http://muskie.usm.maine.edu/vawamei/>. If you have questions about your grant, please contact your program specialist at 1-202-307-6026 (TTY: 202-307-2277).

## INSTRUCTIONS

*Please note: It may be helpful to have the Tribal Coalitions Program Application Guideline and your grant proposal available at the time you complete this form. The application guideline is available on the OVW website ([www.ovw.usdoj.gov/](http://www.ovw.usdoj.gov/)).*

In most of the questions on this form, you are given the option of an “Other” category. However, whenever possible, use existing categories to describe your grant-funded activities. These existing categories should adequately capture the majority of grant-funded activities. The “Other” category will rarely be needed.

### DEFINITIONS

**Sexual assault** is a continuum of behaviors defined in the Violence Against Women Act (VAWA) to include both sexual assaults committed by offenders who are strangers to the victim/survivor, and sexual assaults committed by offenders who are known to, related by blood or marriage to, or in a dating relationship with the victim/survivor. VAWA defines sexual assault as any conduct proscribed as sexual abuse by federal statute. Such proscribed behavior includes knowingly causing another person to engage in a sexual act by using force against that other person or by threatening or placing that other person in fear. It also includes engaging in a sexual act with another person after knowingly rendering that person unconscious, or administering to another person by force or threat of force, or without the knowledge or permission of that person, a drug, intoxicant, or other similar substance and thereby substantially impairing the ability of that other person to appraise or control sexual conduct. Sexual assault also includes knowingly engaging in a sexual act with another person if that other person is incapable of appraising the nature of the conduct, or is physically incapable of declining participation in or communicating unwillingness to engage in that sexual act. Sexual assault also includes knowingly engaging in sexual contact with another person without the other person’s permission. Finally, the statute proscribes any attempts to commit any of these acts.

VAWA defines **domestic violence** as felony or misdemeanor crimes of violence (including threats or attempts) committed by a current or former spouse of the victim, by a person with whom the victim shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse, by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies, or by any other adult person against whom a victim is protected from that person’s acts under the domestic or family violence laws of the jurisdiction receiving grant monies. It should be understood that domestic violence applies to any pattern of coercive behavior that is used by one person to gain power and control over a current or former intimate partner or dating partner. This pattern of behavior may include physical or sexual violence, emotional and psychological intimidation, threats, verbal abuse, stalking, isolation, and economic control. In compiling domestic violence figures, grantees should include grant funds directed at dating violence. VAWA defines **dating violence** as violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship is determined by the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

**Stalking** is defined as engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others; or suffer substantial emotional distress.

## A. General Information

### A1. Grant Information

All grantees must complete this subsection.

1. Date of report  
Enter the date on which you submit this form.
2. Current reporting period  
This information will be pre-populated by the GMS system. You must download a new reporting form for each reporting period.
3. Grantee name  
This information will be pre-populated by the GMS system.
4. Grant number  
This information will be pre-populated by the GMS system.
5. Type of grantee organization  
Check the box that best describes the type of grantee organization. Check one box only.
6. Type of coalition  
Check the box that best describes the type of coalition. Check one box only
7. Point of contact  
Provide the name, mailing address, telephone number, facsimile number, and e-mail address for the person responsible for the day-to-day coordination of the grant.
8. Operating budget  
Report the percentage of your total tribal coalition operating budget that is funded by Tribal Coalitions Program funds
9. Tribal populations served  
List the tribal populations served under your grant. The purpose of this question is to identify the tribes benefitting from the work of Tribal Coalitions Program-funded tribal coalitions.  
  
The term "Indian Tribe" means a tribe, band, pueblo, nation, or other organized group or community of Indians, including any Alaska Native village or regional or village corporation (as defined in, or established pursuant to, the Alaska Native Claims Settlement Act [43 U.S.C. §1601 et seq.]) that is recognized as eligible for the special programs and services provided by the United States to Indians because of their status as Indians.
10. Tribal coalition existence prior to Tribal Coalitions grant funds  
Indicate whether or not the tribal coalition receiving this Tribal Coalitions Program grant existed prior to the receipt of Tribal Coalitions Program funds.

11. Coalition members

Report the number of organizational members and, if applicable, the number of individual members. Individual members are individual persons, not programs. Organizational members may include sexual assault programs, domestic violence programs, other victim services agencies, and other organizational members. Report the total number of individual members of your tribal coalitions, if any. Individual members are individual persons, not programs.

**A2. Staff Information**

**If your Tribal Coalitions funds were used to fund staff positions during the current reporting period, check yes and answer question 12. If not, check no and skip to section B.**

12. Staff

Report the number of full-time equivalent (FTE) staff funded under this grant during the current reporting period. Report staff by function(s) performed, not by title or location. Include employees who are part-time and/or only partially funded with these grant funds, as well as consultants/contractors. If an employee or contractor was employed or utilized for only a portion of the reporting period, prorate appropriately. Report all FTEs in decimals, not percentages. If staff members fall into two or more categories of job descriptions, divide their time as appropriate. One FTE is equal to 1,040 hours—40 hours per week multiplied by 26 weeks.

*Administrator:* Administrative positions, such as executive director and fiscal manager

*Program coordinator:* Staff who coordinate specific aspects of the program, such as Training Coordinator and Outreach Coordinator

*Support staff:* Staff who are secretaries, administrative assistants, accountants, bookkeepers, and/or receptionists

*EXAMPLE 1: You have one full-time trainer whose salary is 25% funded with Tribal Coalition Program funds. You also have a coordinator who was full-time, but only employed for three months during the current reporting period. In this case, you will need to prorate the FTEs for the coordinator to reflect three months of the six month reporting period (3months/6months). You should report this as follows:*

Staff	FTE(s)
Program coordinator	.5
Trainer/educator	.25

*EXAMPLE 2: A staff member, whose salary is 100% funded with Tribal Coalitions funds, spends approximately 20 hours per week coordinating outreach to law enforcement, 16 hours conducting training, and 4 hours providing technical assistance. Report as .50 under “Program coordinato”r, .40 under “Trainer/educator”, and .10 under “Technical assistance provider.”*

*EXAMPLE 3: If you contracted an Information technology staff person full-time for two months during the reporting period, report that as .33 FTE under “Information technology staff” (2months/6months).*

## B. Purpose Areas

All grantees must complete this section.

### 13. Purpose areas

Check all purpose areas that apply to activities supported with Tribal Coalitions Program funds during the current reporting period.

### 13a. Program priority areas addressed by your grant

In addition to the purpose areas identified in question 13, the Tribal Coalition Grant Program Application and Program Guidelines may have identified several program priorities that would receive priority consideration. If your project addressed any of these priority areas during the current reporting period, list them in the space provided.

### 14. Culturally-specific activities

List all culturally-specific activities that your Tribal Coalition engaged in during the current reporting period in the community(ies) you serve. Check the box in the first column if the activity was funded with Tribal Coalitions Program funds.

### 15. (Optional) Additional information

Use the space provided to discuss the effectiveness of your culturally-specific activities funded or supported by your Tribal Coalitions Program grant and to provide further explanation on how these activities increase the safety of American Indian/Alaska Native women.

## C. Function Areas

### C1. Training

If your Tribal Coalitions Program funds were used for training during the current reporting period, check yes and answer questions 16-19. If not, check no and skip to C2.

*For the purposes of this reporting form, **training** means providing information on sexual assault, dating violence, domestic violence, and stalking that enables a person to improve their response to victims/survivors as it relates to their role in the system. **Education** means providing general information that will increase public awareness of sexual assault, dating violence, domestic violence, and stalking. In this subsection, report on training activities only. Education should be reported in subsection C2.*

*Training is **not** an educational presentation or prevention education. If you are presenting to a group that is typically not seen as professionals who work with victims/survivors or offenders, you should consider whether the activity is training or education. Some examples of education (that should be reported in subsection C2) include: presentations to community groups, men's groups, parents/guardians, victim/survivors, etc.*

### 16. Type and number of training events provided

Report the number of statewide, regional, and tribal-based training events by the type of training that were either provided by Tribal Coalitions Program-funded staff or directly supported by Tribal Coalitions Program funds. Staff development training provided to Tribal Coalitions Program-funded staff should not be counted. Use the "Sexual assault/domestic violence" columns if training events focused on both sexual assault and domestic violence.

*Conference:* an event usually lasting a day or more and addressing a number of topics

*Workshop/seminar:* An event usually lasting for a portion of day and with a specific focus

*Intra-state regions:* Regional training within a state

*EXAMPLE 1: Tribal Coalitions funds are used to send all executive directors of member sexual assault programs to the same statewide conference during the current reporting period. You should count this as one event under statewide and sexual assault .*

*EXAMPLE 2: During the current reporting period, the Executive Director of the Domestic Violence Tribal Coalition conducted six training events attended by member programs. However, the Executive Director was not funded with your Tribal Coalitions Program grants nor were any Tribal Coalitions Program funds used to support these training events. You would not report any of the training events conducted by the Executive Director in this question since she/he is not funded by the Tribal Coalitions Program grant and Tribal Coalitions Programs funds were not used to support the training events. You may however, choose to report this information in either question 36 if it relates to the goals and objectives of your Tribal Coalitions Program grant or question 39 if it relates to the effectiveness of your Tribal Coalitions Program.*

*EXAMPLE 3: Your trainer is partially funded with your Tribal Coalitions Program funds. The trainer conducts two statewide workshops on domestic violence during the current reporting period. You will need to decide if the time spent by trainer on these two conferences was time paid for under the Tribal Coalitions Program. If yes, count the events as two statewide conferences.*

Type of training	Total number of training events								
	Statewide			Intra-state regions			Tribal		
	Sexual assault	Domestic violence	Sexual assault/ Domestic violence	Sexual assault	Domestic violence	Sexual assault/ Domestic violence	Sexual assault	Domestic violence	Sexual assault/ Domestic violence
Computer-based training									
Conferences	1	2							
Teleconferences									
Videoconferences									
Workshops/ seminars									
Other ( <i>specify</i> ): _____									

**17. Number of people trained**

Report the number of people trained during the current reporting period by Tribal Coalitions Program-funded staff or training supported by Tribal Coalitions Program funds. Use the category that is most descriptive of the people who attended the training event. Tribal Coalitions Program-funded staff attending training events should not be counted. If you are unable to report attendees in a specific category because of lack of information, you may report them in “Multidisciplinary”, but this category should be used only as a last resort.

**18. Training content areas**

Check all topics covered in training events during the current reporting period with your Tribal Coalitions Program funds. Check all that apply. Do not include topics of coalition staff development training attended by Tribal Coalitions Program-funded staff. Do not use the “Other” category to report the name of the group

that received the training, the title of the training event, or the name of the conference that was attended.

19. (Optional) Additional information

Use the space provided to discuss the effectiveness of your training activities funded or supported by your Tribal Coalitions grant and to provide further explanation on how these activities increase the safety of American Indian/Alaska Native women.

**C2. Education**

**If Tribal Coalitions Program funds were used for education during the current reporting period, check yes and answer questions 20-23. If not, check no and skip to C3.**

20. Education events

Report the total number of education events provided during the current reporting period that were either provided by Tribal Coalitions Program-funded staff or directly supported by Tribal Coalitions Program funds.

*For the purposes of this reporting form, **education** means providing general information that will increase public awareness of sexual assault, dating violence, domestic violence, and stalking. **Training** means providing information on sexual assault, dating violence, domestic violence, and stalking that enables a person to improve their response to victims/survivors as it relates to their role in the system. In this subsection, report only on **education** events. Report training activities in subsection C1.*

21. People educated with Tribal Coalitions Program funds

Report the number of people attending community education events in the category that best describes the attendees. Report only on Tribal Coalitions Program-funded education events provided during the current reporting period. Do not count psychoeducational support group services for victims/survivors or batterer intervention programs in this subsection.

In this form, *psychoeducation* refers to the education of a victim/survivor, family member, or offender about domestic violence and/or child victimization issues as part of the goals of intervention, treatment, and/or rehabilitation. Psychoeducation involves teaching people about a problem, what to do about it, and how to recognize signs of the problem so that they can get help before the problem worsens or occurs again.

*EXAMPLE: An education event funded by your Tribal Coalitions Program funds was attended by six tribal elders, five parents of students, and four victims/survivors. All of the parents and two of the victims/survivors are from the tribe. You would report this as follows:*

People attending event	Number	
	Tribal	Non-tribal
Parents/guardians	5	
Students		
Tribal elders	6	
Tribal government/tribal government agency staff		
Victims/survivors <i>(do not count psychoeducational support groups)</i>	2	2

22. Topics of education events provided with Tribal Coalitions Program funds

Indicate all topics covered in education provided with your Tribal Coalitions Program funds during the Tribal Coalitions Program Semi-annual Instructions

current reporting period. Do not count psychoeducational support groups for victims/survivors or batterer intervention programs in this question. Check all that apply.

23. (Optional) Additional information

Use the space provided to discuss the effectiveness of your education activities funded or supported by your Tribal Coalitions Program grant and to provide further explanation on how these activities increase the safety of American Indian/Alaska Native women.

**C3. System Advocacy**

**If your Tribal Coalitions Program funds were used for system advocacy during the current reporting period, check yes and answer questions 24-27. If not, check no and skip to C4.**

24. System advocacy activities

Check all activities convened or participated in with Tribal Coalitions Program funds during the current reporting period. Check all that apply.

*For the purposes of this reporting form, **system advocacy** is an activity intended to affect policy and/or procedural change in order to improve institutional responses to sexual assault and/or domestic violence/dating violence. No federal appropriated funding made available under this grant program may be used, directly or indirectly, to support the enactment, repeal, modification or adoption of any law, regulation, or policy, at any level of government without the express prior written approval of OVW.*

25. Improved system response

Report the total number of statewide, regional, and local meetings convened and attended by Tribal Coalitions Program-funded staff during the current reporting period. Report on the number of meetings attended, not the number of people or staff attending. Report the meetings convened or attended based on the group with whom you were meeting. If there were multiple agencies represented, count it as a multidisciplinary meeting. If multiple Tribal Coalitions Program-funded staff attended one meeting, count it as one meeting. You should also count the meetings attended by staff who were partially funded by your Tribal Coalitions Program grant.

*Convened meetings:* Meetings you arranged and hosted

*Attended meetings:* Meetings you attended that were arranged and hosted by another person or agency

*EXAMPLE: Tribal Coalition Program-funded staff (sexual assault) convened a meeting with child welfare agency staff. Count this as one meeting convened with Child welfare agency. Two Tribal Coalitions Program-funded staff (sexual assault) attended the same meeting. Do not count them under “meetings attended” because the meeting was hosted by the Tribal Coalition Program. Those same two Tribal Coalitions Program-funded staff attended a meeting hosted by a tribal law enforcement agency. The meetings were about domestic violence. Count this as one meeting attended with a tribal law enforcement agency, even though two staff attended.*

Agency/organization/people	Number of meetings convened		Number of meetings attended	
	Sexual assault	Domestic violence	Sexual assault	Domestic violence
Child welfare agency	1			
Batterer intervention program				

Child advocacy organization ( <i>not affiliated with CPS</i> )				
Faith-based organization				
Law enforcement agency ( <i>tribal</i> )				1

26. Coordination activities

Indicate methods used during the current reporting period to coordinate tribal victim services activities and/or to collaborate and coordinate with federal, state, and local entities engaged in violence against women activities e.g. e-mail, fax, newsletter, toll-free telephone number, web site, etc. Check all that apply.

27. (Optional) Additional information

Use the space provided to discuss the effectiveness of your system advocacy activities funded or supported by your Tribal Coalitions grant and to provide further explanation on how these activities increase the safety of American Indian/Alaska Native women.

**C4. Policies**

**If your Tribal Coalitions Program funds were used to develop or substantially revise policies or protocols during the current reporting period, check yes and answer question 28-29. If not, check no and skip to C5.**

28. Policies and/or protocols developed or substantially revised during the current reporting period

Check all the types of policies or protocols developed with Tribal Coalitions Program funds during the current reporting period. These activities should be completed by Tribal Coalitions Program-funded staff or directly supported with Tribal Coalitions Program funds. Use the SA column to report policies related to sexual assault and the DV column to report policies related to domestic violence. Check both SA and DV columns if the policy is related to both sexual assault and domestic violence. Check all that apply. If the policy/protocol is still in the development or revision phase, it should not be reported until it is actually finished.

*Develop:* To create a new policy or protocol.

*Substantially revise:* To make a significant amendment to an existing policy or protocol.

*EXAMPLE 1: (Develop) Tribal law enforcement did not have a policy concerning appropriate responses to sexual assault victims/survivors. During the current reporting period, Tribal Coalitions-funded staff assisted with the development of a policy for responding appropriately to sexual assault victims/survivors. You report this activity during the current reporting period because the development of the policy was completed.*

*EXAMPLE 2: (Substantially revise) Tribal law enforcement had a policy concerning appropriate response to sexual assault victims/survivors, but it only referred to victims/survivors assaulted by tribal members. During the current reporting period, Tribal Coalitions Program-funded staff assisted with the amendment of the policy to include appropriate response victims/survivors assaulted by non-tribal members. You report this activity during the current reporting period because the amendments were completed.*

29. (Optional) Additional information

Use the space provided to discuss the effectiveness of your policies you have developed or substantially revised that were funded or supported by your Tribal Coalitions Program grant and to provide further explanation on how these activities increase the safety of American Indian/Alaska Native women.

**C5. Products**

**If your Tribal Coalitions Program funds were used to develop, substantially revise, or distribute products during the current reporting period, check yes and answer question 30. If not, check no and skip to C6.**

**30. Use of Tribal Coalitions funds for product development, substantial revision, or distribution**

Report the number of new products or codes developed, substantially revised, or distributed with Tribal Coalitions Program funds during the current reporting period. The title/topic, the intended audience for each product or code developed, revised, or distributed; and the number of products used or distributed.

Report on products or codes that were *newly* developed or substantially revised during the current reporting period whether or not they were used or distributed. Report on products or codes that were *previously* developed or revised and were used or distributed during the current reporting period. Do not report the number of products printed or copied; only report the number developed or revised, in most cases that number will be one for each product described and/or the number used or distributed.

If a product or code was created in, or translated into, a language other than English, including Braille, indicate the language. If you developed a product during the current reporting period, but did not distribute the product during the current reporting period, you would report one developed in the “Number developed or revised” column, but would not report anything for this product in the “Number used or distributed” column. You do not have to report that you are planning to distribute 100 copies during the next reporting period.

*EXAMPLE: You develop and distribute 50 brochures for sexual assault programs to distribute to sexual assault victims/survivors on where to find services. The brochure is developed in Yupik. You also distribute 50 copies of a previously developed brochure on criminal justice options for sexual assault victims/survivors. You would report this as follows:*

Products	Number developed or revised	Title/topic	Intended audience	Number used or distribute	Other language s
Brochures	1	Where to find services after a sexual assault	victims/survivors	50	Yupik
		Criminal Justice Options for Survivors of Sexual Assault	victims/survivors	50	

**C6. Technical Assistance**

**If your Tribal Coalitions Program funds were used for technical assistance during the current reporting period, check yes and answer questions 31-33. If not, check no and skip to C7.**

**31. Number of technical assistance activities**

Report the total number of technical assistance activities provided to programs during the current reporting period, indicating whether they were site visits or other types of consultations. Consultations may include in-person, telephonic, electronic, or other types of contact. Each contact should count as one consultation.

*Technical assistance:* A wide variety of activities designed to facilitate individual or agency change in some systematic manner by providing expertise to solve a problem. Examples of technical assistance activities include clarifying legislative and policy implementation and/or standards of service, technology consultations, and assistance with problem-solving.

*Site visit:* A visit made to member agencies for the purpose of providing technical assistance consultation

*Other technical assistance consultation:* Technical assistance consultations conducted by telephonic, electronic, or other types of contact other than site visits. Each contact should count as one consultation.

*EXAMPLE:* You provide technical assistance to a tribal sexual assault program and a hospital about creating a Sexual Assault Forensic Examiner program. You conduct three teleconferences to discuss the challenges they have encountered while creating the program. You would count this as three (3) “other technical assistance consultations” provided to a sexual assault program and to a health care provider.

Recipients of technical assistance	Number of site visits	Number of other technical assistance consultations
Health/mental health organization		3
Sexual assault program (tribal)		3

32. Topics of technical assistance

Check all topics that apply to technical assistance you provided during the current reporting period. The technical assistance provided may be categorized by more than one topic. Grantees should make this determination. Check all that apply.

*EXAMPLE:* You provide consultation to a domestic violence program about culturally appropriate services for Alaska Native women with disabilities, and outreach strategies for this population. In addition, you provide technical assistance to a dual program about a software program to help them manage data collection. You would report as follows:

Topic of technical assistance	Sexual assault	Domestic violence
Curricula and training issues		
Developing or enhancing appropriate services for victims/survivors who have disabilities		X
Technology and technology capacity ( <i>data collection systems and confidentiality</i> )	X	X

33. (Optional) Additional information

Use the space provided to discuss the effectiveness of your technical assistance activities funded or supported by your Tribal Coalitions grant and to provide further explanation on how these activities increase the safety of American Indian/Alaska Native women.

**C7. Organizational Development and Capacity Building**

**If your Tribal Coalitions Program funds were used for organizational development and/or capacity building during the current reporting period, check yes and answer questions 34-35. If not, check no and skip to section D.**

34. Coalition development and capacity building

Check all of the capacity building activities that were engaged in with Tribal Coalitions Program funds during the current reporting period. Check all that apply.

*Capacity building:* The investment in people, institutions, and practices that enables people and institutions to improve their problem-solving capacities and achieve their objectives.

35. Do you consider system privacy and/or security when purchasing or developing software? Indicate whether or not you consider system privacy and/or security when purchasing or developing software.

## D. Narrative

**All grantees must answer question 36.**

**PLEASE LIMIT YOUR RESPONSES TO THE SPACE PROVIDED.**

**36. Report on the status of the goals and objectives for the Tribal Coalitions Program grant**

Report on the status of the goals and objectives for your Tribal Coalitions Program grant as of the end of the current reporting period. Your goals and objectives should be those identified in your grant proposal or as they have been added or revised. Indicate whether the activities related to your goals and objectives have been completed, are in progress, are delayed, or have been revised. Comment on your successes and challenges, and provide any additional explanation you feel is necessary for us to understand what you have or have not accomplished relative to your goals and objectives. If you have not accomplished objectives that should have been accomplished during the current reporting period, you must provide an explanation.

**EXAMPLE:**

*Objective: Train all tribal officers on 3 reservations to respond appropriately to domestic violence.*  
*Activity: Developed training curricula and conducted training for 10 tribal officers on two reservations.*  
*Status: Ongoing.*  
*Comments: Although we developed training curricula and conducted training for officers on two reservations, we have experienced challenges setting a training date for officers on the third reservation. We are negotiating with them to set a training date.*

**All grantees must answer questions 37 and 38 on an annual basis. Submit this information on the January to June reporting form only.**

**PLEASE LIMIT YOUR RESPONSE TO 8,000 CHARACTERS FOR EACH QUESTION.**

37. What do you see as the most significant areas of remaining need, with regard to improving services to victims/survivors of sexual assault, domestic violence, dating violence, and stalking; increasing victims/survivors safety; and enhancing community response (including offender accountability for both batterers and sex offenders)?

Consider geographic regions, jurisdictional issues, service delivery systems, types of victimizations, and challenges and barriers unique to your service area.

*EXAMPLE: Our greatest area of remaining need is to improve the response of non-tribal criminal justice entities to sexual assault and domestic violence crimes perpetrated by non-tribal members that occur on the*

*reservations. We have a difficult time getting federal marshalls to respond to cases that fall out of tribal jurisdiction, and even when they respond, very few are prosecuted and/or result in convictions.*

**38. What has Tribal Coalitions Program funding allowed you to do or maintain that you could not do without receiving this funding?**

Report on activities or services that were enabled by Tribal Coalitions Program funds. This might include coordination of victim services, development of model policies and protocols for use by local program and criminal justice, or development of standardized educational curricula for use with tribal courts.

*EXAMPLE: Our tribal coalition was able to rent an office and hire two full-time employees. These staff members met with tribal sexual assault and domestic violence programs on four reservations. We enabled staff in these programs to share strategies and coordinate with each other.*

**Questions 39 and 40 are optional.**

**PLEASE LIMIT YOUR RESPONSE TO 8,000 CHARACTERS FOR EACH QUESTION.**

**39. Provide any additional information regarding the effectiveness of your grant-funded program.**

If you have other data or information regarding your program that would more fully or accurately reflect the effectiveness of your Tribal Coalitions Program than the data you have been asked to provide on this form, answer this question. If you have not already done so elsewhere, feel free to discuss any of the following: systems-level changes, community collaboration, the removal or reduction of barriers and challenges for victims/survivors, promising practices, and positive or negative unintended consequences.

*EXAMPLE: We served on a statewide task force examining ways the law enforcement could be more responsive to American Indian victims/survivors of sexual assault. As a result, law enforcement in two major jurisdictions designated officers to work specifically with American Indian victims/survivors of sexual assault from the neighboring pueblos.*

**40. Provide any additional information that may provide explanation about the data submitted.**

If you have any information that could be helpful in understanding the data you have submitted in this report, please answer this question. For example, if you submitted two different progress reports for the same reporting period, you may explain how the data was apportioned to each report or if you funded staff but did not report any activities, you may explain why.
